

Bonastre Max

Cristallizer

Simple and fast crystallization system

It works in all colors and types of marble; can be used with scrubbing machine or floor polisher. All you need is Bonastre's Green Pad, no need to use a steel wool disc.

No odor, no splashing, no risk of burning the marble or leaving an "orange peel" effect. Anyone can do it, no previous experience required!

Features

- » Intensifies the color
- » Increases the density prolonging the marble life time.
- » Simple process
- » No odor
- » No splash marks
- » It won't burn the marble
- » Does not leave the floor slippery

Specifications

The surface **MUST** be completely clean, dry and free from sealers and wax before using Bonastre Max System. Bonastre Max Crystallizer can be used on any color or type of marble. Intensifies color and density increasing durability and surface life.
