BONASTRE PADS

Cleans, Polishes
and Maintains

AS SIMPLE AS
1, 2 & 3

Excellent choice for daily floor maintenance with Scrubber / Dryer

FEATURES

Easy to use & amazing results

Fast, clean and Chemical Free

For Marble, Limestones and Terrazzo surfaces

Anti-slip even when wet

Works with all floor machines

Environmentally friendly

APPLICATION

Recommended to be used with Scrubbers and Buffers with ideal speed 170 - 440 rpm.

Red Disc:

Clean the floor and remove micro scratches: apply water onto the work area and make passes over the surface 1 minute per square metre, then vacuum up solution.

APPLICATION

Yellow Disc:

Apply water onto the work area and make passes over the surface 1 minute per square metre, then vacuum up solution. On soft stones repeat 2 times with fresh water.

Green Disc:

Super polishing pad to finish: apply water onto the work area and make 3 passes over the surface, then vacuum up solution. Repeat once more with fresh water.

Recommended Daily Maintenance Schedule

Option A:

Maintain your floor with the Yellow Pad. Ideal to maintain large areas with big traffic. This pad can be used for up to 150,000 m in normal conditions.

Option B:

Maintain your floor with the Green Pad. This pad is ideal for soft floors, small to medium areas with a durable mirror finish.

Option C: Alternate, 15 days Yellow Pad and 15 days Green Pad.
